

tourism and the implications pdf

Virtual reality (VR) offers tourism many useful applications that deserve greater attention from tourism researchers and professionals. As VR technology continues to evolve, the number and significance of such applications undoubtedly will increase.

Virtual reality: Applications and implications for tourism

Tourism is travel for pleasure or business; also the theory and practice of touring, the business of attracting, accommodating, and entertaining tourists, and the business of operating tours. Tourism may be international, or within the traveller's country. The World Tourism Organization defines tourism more generally, in terms which go "beyond the common perception of tourism as being limited ...

Wildlife tourism is an element of many nations' travel industry centered around observation and interaction with local animal and plant life in their natural habitats. While it can include eco- and animal-friendly tourism, safari hunting and similar high-intervention activities also fall under the umbrella of wildlife tourism. Wildlife tourism, in its simplest sense, is interacting with wild ...
