Russian Translation: Theory and Practice (Thinking

Discussions of the theory and practice of translation reach back into antiquity and show remarkable continuities. The ancient Greeks distinguished between metaphrase (literal translation) and paraphrase. This distinction was adopted by English poet and translator John Dryden (1631–1700), who described translation as the judicious blending of these two modes of phrasing when selecting, in the ...

Dynamic equivalence and formal equivalence, terms coined by Eugene Nida, are two dissimilar translation approaches, achieving differing level of literalness between the source text and the target text, as employed in biblical translation.. The two have been understood basically, with the one as sense-for-sense translation (translating the meanings of phrases or whole sentences) with ...

This article discusses the theory and practice of so-called participatory governance. It explains that participatory governance is a variant or subset of governance theory which puts emphasis on democratic engagement, in particular through deliberative practices. Participatory governance seeks to deepen citizen participation in the governmental process by examining the assumptions and ...
