Elements of the Contest. The purpose of the Science Contest is to challenge high school students to do a wide range of reading in biology, chemistry and physics, to gain an understanding of the significance of experiments rather than to recall obscure details, to be alert to new discoveries and information in the areas of science, to gain an understanding of the basic principles as well as ...

Science – University Interscholastic League (UIL)

Rather than going to the district meet without any formal experience in a contest, most high school students attend invitational or practice meets in their local area. While the UIL does not govern such meets, most host schools abide by UIL rules.

High School Academic Meets – University Interscholastic

Science in a broad sense existed before the modern era and in many historical civilizations. Modern science is distinct in its approach and successful in its results, so it now defines what science is in the strictest sense of the term. Science in its original sense was a word for a type of knowledge, rather than a specialized word for the pursuit of such knowledge. In particular, it was the ...
