officially establishing TOMS Shoes, the business had \$9.6 million in revenue. The TOMS business model is unusual. While many businesses engage in cause-related marketing, at TOMS the philanthropic component is just as important as the for-profit business. The cost of providing the shoes to children in need is built into the shoes' sales price.

Knowing your measurements will hopefully increase your chances of finding the right pair of shoes, especially if you're ordering online. Shoe returns often have different guidelines, so make sure you check the retailer's return policy before making a purchase. Now that you have your measurements you can also see what size you are in different countries. Consult the Men's International Shoe Size Conversion Chart.
