We're talking about science communication and motivations for scientists to reach a broader audience. By a broader audience, I'm talking about scientists outside your field, resource managers (who are often biologists, but do not typically read the scientific literature), students (K-12, undergraduate, graduate), the media, policy-makers, and the general public.

How to Increase Citations of Your Scientific Articles

I was a little skeptical about this plugging at 1st but after reading the reviews, I decided to give it a chance. I am glad I did give it a chance, and it now plays a very important roll on my website.
